RULES AND REGULATIONS

This schedule of Rules and Regulations governs the furnishing of water service by Mountain Water District hereinafter referred to as the DISTRICT and applies to all service received from the DISTRICT. No employee or individual Commissioner of the DISTRICT is permitted to make an exception to Rates, Rules or Regulations. All Rules and Regulations are to be in effect so long as they are not in conflict with Public Service Commission Rules and Regulations. The DISTRICT is further subject to all Rules and Regulations of the Public Service Commission even though not contained herein.

1. Scope

This Schedule of Rules and Regulations is a part of all contracts for receiving water service from the DISTRICT, and applies to all service received from the DISTRICT whether the service is based upon contract, agreement, signed application, or otherwise. A copy of this schedule, together with a copy of the DISTRICT'S Schedule of Rates and Charges, shall be kept open to inspection at the office of the DISTRICT, the rules are promulgated under direction and authority granted pursuant to Chapter 13 of Kentucky Revised Statutes and Administrative Regulations 807 KAR 5 established via authority of Executive Order 81-126 dated March 4, 1981. The aforesaid rules and regulations are hereby adopted and included the same herein written now or as may be legally changed from time to time.

2. Revisions

These Rules and Regulations may be revised, amended, supplemented, or otherwise changed from time to time by either of the two (2) following methods:

RULES AND REGULATIONS

- A. By order of the Public Service Commission upon formal application by the DISTRICT, and after hearing as provided by commission regulations.
- B. By issuing and filing on at least thirty (30) days notice to the commission and the public all proposed changes in the Rules and Regulations, as provided by commission regulations.

3. Conflict

In case of conflict between any provisions of any rate schedule and the schedule of Rules and Regulations the rate schedule shall apply. Also, should the rules contained herein conflict with the rules and regulations of the Public Service Commission, the rules and regulations of the Public Service Commission shall control.

4. Application for Service

- (N) Any person, firm, agency or governmental entity within the current boundary of the DISTRICT may request service. Said request must be in writing on a form approved by the DISTRICT. Each applicant will be required to show proper identification at the time of application and provide a valid physical address. Applicants for service must be at least eighteen (18) years of age. All rental property must include a copy of the Rental Agreement attached. (The person applying for service must be the same person listed on the Rental Agreement).

No request for service shall be granted unless the property of said requestor has public access within a reasonable distance from and existing distribution main of the DISTRICT consistent with the topography of the area. Should the requestor desire to have the existing distribution system extended to serve them, same shall be accomplished as stipulated, hereafter.

RULES AND REGULATIONS

Should DISTRICT determine that service to requestor is available, each prospective customer desiring water service shall be required to execute and sign the DISTRICT'S standard application for water service before service is supplied by the DISTRICT. A 5/8" x 3/4" meter shall be "the standard customer service meter and should be installed at all points of service unless the customer provides sufficient justification for the installation of a larger meter."

The DISTRICT shall provide for a standard connection (i.e., 5/8" x 3/4" meter) from the DISTRICT'S existing distribution main upon payment of tap fee. An extension of fifty (50) feet or less shall be made by the DISTRICT to its existing utility main without

- (T) additional charge, with exception of those connections requiring a road bore or creek
- (T) crossing for a prospective customer, which will be charged at actual cost.

5. Non-Standard Service

Each prospective customer requiring a non-standard service (i.e., other than a 5/8" x 3/4" meter) shall present to the DISTRICT sufficient justification for same. Insofar as prospective customer requirements may meet those non-standard service presently in effect for DISTRICT same may be applied. An extension shall be made by the

- (T) DISTRICT to its existing utility main for a prospective customer, which will be charged at actual cost.

In addition, the prospective customer shall pay the cost of any special installation necessary to meet their particular requirements, as a contribution in aid of construction.

6. Point of Delivery

The point of delivery is the point where the meter or vault is located. All water lines, plumbing, and equipment beyond the meter shall be installed and maintained by the customer. The DISTRICT reserves the right to determine the location of point of delivery with full regard to those wishes of the prospective customer, however the DISTRICT will in no event set a meter at a point that does not deliver 30 psig at the meter.

7. Customer's Service Line

All service lines beyond the metering point should be installed of material consisting of copper, PVC pipe, or PE pipe with rating of not less than 200 psi. The size of service line beyond the point of delivery should not be less than 3/4".

Should a prospective customer desire a higher pressure due to his location or need, the customer may make provision, at their expense, for an individual pressure booster system. The manner of connection, location cross-connection protection and type is subject to approval by DISTRICT. The DISTRICT reserves the right to require discontinuance and disconnection should the private booster system have a detrimental effect on DISTRICT'S system.

RULES AND REGULATIONS

Bills for water service are due and payable at the office of the DISTRICT, or to any designated agent, by the 15th day after the date of issue. All accounts not paid in full 5 days after the due date shall be considered past due and an additional charge of 10 percent of the unpaid portion of the bill will be made. Payments may be made in the form of cash, check, credit/debit card, or online at

- (T) www.mountainwaterdistrictky.com. Customers choosing to pay by credit/debit card/electronic check
- (T) shall be assessed a fee either by the District or directly by the credit/debit/check processor at the cost to process the transaction. The fee is generally calculated using a formula applied to the balance of the amount being paid, but may be a flat fee per transaction. Prior to processing the transaction, the customer will be informed of the fee amount and, upon request by the customer, the formula employed to arrive at this fee amount.

All bills not paid on or before the past due date shall be deemed delinquent. Any said delinquent bill shall be disconnected fifteen (15) days after the due date, but not before at least five (5) days written notice of termination is provided. Said termination notice shall be exclusive of and separate from the original bill. Included on the notice will be a statement that the DISTRICT plans to terminate service and the date in which the DISTRICT plans to terminate service if the balance is not paid in full. However, if, prior to discontinuance of service, there is delivered to the DISTRICT a written certificate signed by a physician, registered nurse, or a public health officer that, in the opinion of the certifier, discontinuance of service will aggravate an existing illness or infirmity at the affected premises, service shall not be discontinued until the affected resident can make other living arrangements or until thirty (30) days elapse from the time of the DISTRICT'S receipt of said certification, whichever occurs first. Such certificates shall not be accepted in consecutive months.

- (T) The DISTRICT will disconnect water service for non-payment of sewer and/or water service. Any and
- (T) all applicable disconnect/reconnect charges, in addition to the bill owed must be paid before service may

11. Discontinuance of Service by Customer

(T) Any customer having fulfilled their contract terms and desiring to discontinue the water service to their premises for any reason must give notice of discontinuance in writing at the business office of the DISTRICT at least three (3) business days prior to the date on which the customer desires to discontinue service. If such notice in writing is not given, a customer shall remain liable for all water used and service rendered to such premises by the DISTRICT until such notice is received by the DISTRICT.

(T) 12. Termination Fee

(T) A \$30.00 charge shall be assessed when a DISTRICT representative makes a trip to the premises of a customer for the purpose of terminating service. The charge shall be assessed if the DISTRICT representative actually terminates service or if, in the course of the trip, the customer pays the delinquent bill to avoid termination. The DISTRICT shall make a Termination Fee only once in any billing period. Any disconnection or reconnection as a result of non-payment of service that requires the District to take extraordinary means to perform said disconnection/reconnection (i.e. digging up and re-paving of blacktop shall be charged to the customer at actual cost.

13. Reconnection Fees

(T) Where the water supply to the customer has been discontinued for non-payment of delinquent bills, or where a meter is to be reinstalled for a new customer at the location where one existed previously, a charge of \$30.00 shall be made for reconnection in addition to all delinquent bills and other charges, if any, owed by the customer to the DISTRICT. In instances where the customer pays after three (3) p.m. and would like service connected the same day, a charge of \$50.00 shall apply. Any customer who cannot be available at their address during the time the District arrives to reconnect service, and happens to leave a plumbing fixture open or there is a large leak, the District reserves the right not to activate service at that time to avoid damage to the customer's property or incurring a large water bill. Should the District choose to turn on the service in this situation the District shall not be held responsible for any damage to the customer's property as a result of turning on the service. Additional service calls back to a customer's address may result in an additional turn-on fee.

14. Turn-On Fee

Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary date of the deposit. The rate at which interest will be paid shall be equal to the interest rate the DISTRICT receives from the customer deposit escrow account.

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after two (2) years if the customer has established a satisfactory payment record for that period. If a deposit has been waived or refunded and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The DISTRICT may require a deposit in addition to the initial deposit if the customer's classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria may be considered:

1. Previous payment history with the DISTRICT. If the customer has no previous history with the DISTRICT, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit.
2. Whether the customer has an established income or line of credit.
3. Length of time the customer has resided or been located in the area.
4. Whether the customer owns property in the area.

16. Adjustment Relative to Erroneous Meter

A. If test results on a customer's meter show an average error greater than two (2) percent fast or slow, or if a customer has been incorrectly billed for any other reason, except in an instance where a utility has filed a verified complaint with the appropriate law enforcement agency alleging fraud or theft by a customer, the utility shall immediately determine the period during which the error has existed, and shall recompute and adjust the customer's bill to either provide a refund to the customer or collect an additional amount of revenue from the under billed customer. The utility shall readjust the account based upon the period during which the error is known to have existed. If the period during which the error existed cannot be determined with reasonable precision, the time period shall be estimated using such data as elapsed time since the last meter test, if applicable, and historical usage data for the customer. If that data is not available, the average usage of similar customer loads shall be used for comparison purposes in calculating the time period. If the customer and the utility are unable to agree on an estimate of the time period during which the error existed, the commission shall determine the issue. In all instances of customer overbilling, the customer's account shall be credited or the overbilled amount refunded at the discretion of the customer within thirty (30) days after final meter test results. A utility shall not require customer repayment of any under billing to be made over a period shorter than a period equal to the under billing.

If the period during which the meter error existed cannot be determined, then the customer's bill shall be recomputed for one-half (1/2) of the elapsed time since the last previous test, but in no event to exceed twelve (12) months.
- C. If the result of such test necessitates making a refund or back billing a customer, the customer shall be notified in writing of the percentage of error, fast or slow, the date(s) of testing, and the amount of charge or credit to be shown on their next bill.

17. Customer Request for Billing Adjustment

The DISTRICT thru its Board of Commissioners may approve, subject to the following guidelines, a customer's request for billing adjustment. This adjustment is in addition to and does not supplant Rule 16. Adjustment Relative to Erroneous Meter. No adjustment shall be granted if the metered water has been consumed or utilized by the customer. Any adjustment made upon request of the customer shall be on a one time basis and shall inure to the meter service location and not the name of the customer. Following are guidelines, which must be met before the Board of Commissioners may grant an adjustment.

1. Request for adjustment must be signed and submitted by the customer on forms adopted by the DISTRICT.
2. Adjustments shall be made only upon action of the Board of Commissioners of the DISTRICT.
3. Appearance by the customer before the Board of Commissioners is not mandatory for consideration.
4. Any customer may upon written request within twenty (20) days of action by the Board of Commissioners appeal to the Board for reconsideration at the next regular meeting date.
5. An appeal must be presented by the customer or their representative in order that it may be considered.
6. Customer may not have had an adjustment in the previous 12 months.
- (N)7. Customer must request the adjustment within 90 days of the service bill date.

18. Method of Adjustment Calculation – Customer Request for Adjustment

The billing adjustment approved by the Board of Commissioners shall be calculated on an established form as follows:

- A. The customer shall pay, based on the DISTRICT’S current and prevailing water usage rate, for a volume equal to the average monthly usage. The average monthly usage shall be determined by averaging the customer’s metered service for the three months prior to the month of application of adjustment or date of discovery, whichever occurs first.

At least once monthly, the DISTRICT will monitor the usage of each customer according to the following procedure:

1. Review a compiled irregular usage report, which consist of any accounts in which the current month's usage exceeds the twelve (12) month average by twenty (20) percent or more.
2. If the current month's usage is substantially the same or if any difference is known to be attributed to unique circumstances, such as unusual weather conditions common to all customers, no further review will be completed.
3. If the usages differ by twenty (20) percent or more and cannot be attributed to readily identified common causes, the DISTRICT will compare the customer's monthly usage records for the same month of the preceding year.
4. If the cause for the usage deviation cannot be determined from analysis of the customer's meter reading and billing records, the DISTRICT will contact the customer by telephone or in writing to determine whether there have been changes such as; an increase in the number of household members or work staff, additional or different appliances, changes in business volume, or known leaks in the customer's service line.
5. Where the deviation is not otherwise explained, the DISTRICT will test the customer's meter to determine whether it shows an average error greater than two (2) percent fast or slow.

Fire Departments

Any city, county, urban-county, charter county, fire protection district, or volunteer fire protection district ("User") may withdraw water from the utility's water distribution system for fighting fires or training firefighters at no charge on the condition that it maintains estimates of the amount of water used for fire protection and training during the calendar month and reports the amount of this water usage to the utility no later than the 8th day of the following calendar month.

Any User that withdraws water from the utility's water distribution system for fire protection or training purposes and fails to submit the required report on water usage in a timely manner shall be assessed the cost of this water. A User shall submit a monthly report even if it withdraws no water for fire protection or training purposes.

A non-reporting User's usage shall be presumed to be 0.3 percent of the utility's total water sales for the calendar month. A non-reporting User may present evidence of its actual usage to rebut the presumed usage. The utility shall consider this evidence and shall adjust the presumed usage amount accordingly.

The non-reporting User shall be billed for this usage at the lowest usage block rate regardless of customer classification that the utility charges.

the SUPPLIER. The SUPPLIER shall purchase and install a cutoff valve and water meter for use by the SUPPLIER. The SUPPLIER shall have exclusive right to use such cutoff valve and water meter.

The USER shall cause his service line to be connected to the water distribution system and shall commence to use water from the system on the date the water is available to him/her. WATER CHARGES TO THE USER WILL COMMENCE ON THE DATE SERVICE IS MADE AVAILABLE BY THE SUPPLIER, REGARDLESS OF WHETHER THE USER IS CONNECTED TO THE SYSTEM.

The USER agrees to pay a service connection fee for a new water tap of \$ _____ to the SUPPLIER in addition to a security deposit in the amount of \$ _____. Upon payment of said fee, SUPPLIER agrees to connect to SUPPLIER'S distribution main and install a meter service at or near USER'S property line, subject to distance limitations as contained in SUPPLIER'S Rules and Regulations.

If the USER is establishing service to an existing water tap, the USER agrees to pay a service connection fee of \$ _____ in addition to a security deposit in the amount of \$ _____. If the USER has an existing balance with the SUPPLIER from a previous account the USER will be required to pay said balance prior to service being established.

For proposed projects, construction of water lines to serve the property covered under this agreement depends upon feasibility, availability of funds for construction and approval of all local, state and federal agencies having jurisdiction over this type of facility. In the event that construction is not initiated within 18 months, the service connection fee will be refunded. THE SUPPLIER DOES NOT GUARANTEE WATER SERVICE WILL BE MADE AVAILABLE TO THE USER.

The USER agrees to comply with and be bound by the Articles, Bylaws, Rules and Regulations of the SUPPLIER, now in force or as hereafter duly and legally supplemented, amended or changed. The USER agrees to pay for water at such rates, time and place as shall be determined by the SUPPLIER, and agrees to the imposition of such penalties for noncompliance as are now set out in the SUPPLIER'S Bylaws, Rules and Regulations, or which have been or hereafter be adopted and imposed by the SUPPLIER.

It is understood that the system installed, or to be installed is basically a water distribution system for residential supply. The USER understands and fully agrees that the SUPPLIER, in no way guarantees or implies that the system is adequate for fire protection.

In the event the USER shall breach this agreement by refusing or failing, without just cause, to connect his service line to SUPPLIER'S distribution system as set forth above, the USER agrees to pay the SUPPLIER a lump sum of THREE HUNDRED DOLLARS (\$300.00) as liquidated damage. It is expressly understood and agreed by the parties hereto that the said amount is agreed upon as liquidated damages in that a breach by the USER in either of the respects set forth above would cause serious and substantial damages to the SUPPLIER, and it would be difficult, if not impossible, to prove the amount of such damages. The parties hereto have computed, estimated, and agreed upon said sum in an attempt to make a reasonable forecast of probable actual loss because of the difficulty of estimating with exactness the resulting damages.

The SUPPLIER shall determine the allocation of water to the USER in the event of a water shortage, and may shut off water to the USER if he/she allows a water shortage, and may shut off water to the USER if he/she allows a connection or extension to be made of his/her service line for the purpose of supplying water to another party. In the event the total water supply shall be insufficient to meet all of the needs of the users, or in the event there is a shortage of water, the SUPPLIER may prorate the water available among the various USERS on such basis as is deemed equitable by the GOVERNING BODY, and if at any time the total water supply is insufficient to meet all the needs of all the USERS, the SUPPLIER must first satisfy all of the needs for domestic and livestock purposes before supplying any water for garden purposes.

The USER agrees that no present or future source of water will be connected to any water lines served by the SUPPLIER'S water lines and will disconnect from his present water supply prior to connecting to and switching to the SUPPLIER'S system and shall eliminate present or future cross-connections in his/her system.

It is understood and agreed that the SUPPLIER reserves the right to determine the size of service connection to be used to supply water to the USER. A 5/8-inch by 3/4-inch meter will be used unless the USER contracts for a larger meter. A separate meter must be installed for each residence. A separate contract will be used by mobile home parks when mobile homes are not supplied by individual meters.

The USER agrees to grant the SUPPLIER, its successors and assigns, a perpetual easement in, over, under and upon land owned by the USER, with the right to erect, construct, install and lay, and thereafter use, inspect, repair, maintain, replace and remove water pipelines and appurtenant facilities, together with the right to the USER for the purpose of ingress to and egress from the said lands. The sole purpose of this easement is the installation and maintenance of the customer's meter service facilities.
